Sam Wants to make a resume but doesn't know where to begin.

She talks to friends and acquaintances to find out how to start the resume and make it stand out

One friend tells her about an app that can help her with that exact problem and more.

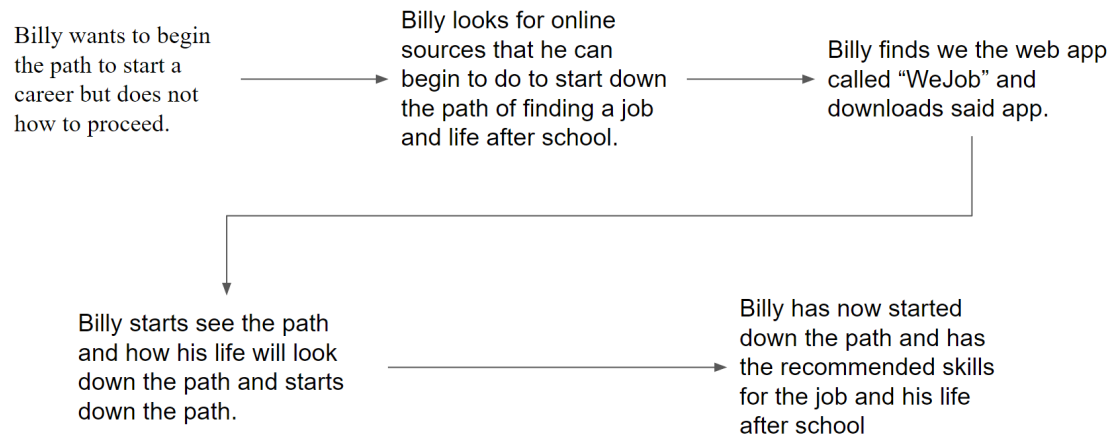

She downloads the app and follows the tips & directions on how to make a great & format resume. The app also directs her to other great resources that provide her with even more tips. The app makes sure to give her advice based on her career path.

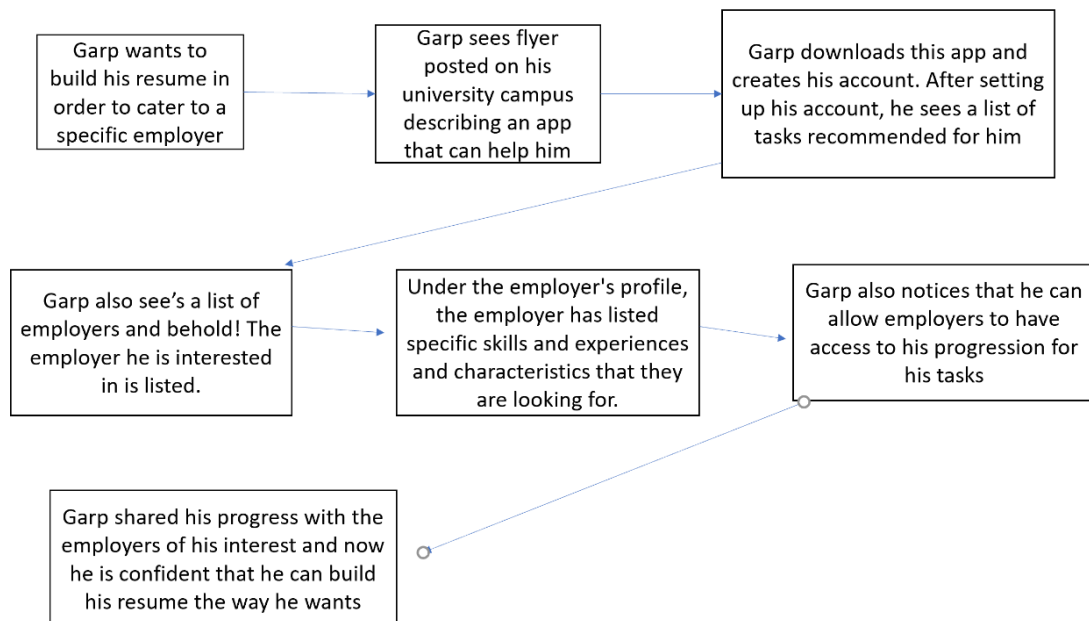

Sam completes the resume and submits it with her applications to multiple jobs. She feels fully prepared and confident for the opportunities she will face in the future.
